

TI Russia

A community arising right now!

Monthly **seminars** in Lyceum “Physical-Technical High School” (October 2011 — goes on)

- Teachers sharing their lessons, content, and experience with each other;
- Learning technology together.

Monthly **webinars** by Irina Lyublinskaya from U. S. in Russian (January 2012 — goes on)

- Learning functionality, features and techniques from a true expert;
- Opportunity to ask questions and get answers.

Lyceum “Physical-Technical High School”

- Yekaterina Borisovna Yagunova
- Valery Adolfovich Ryzhik
- Konstantin Mikhaylovich Stolbov
- Alexey Gennadyevich Zarembo
- Mikhail Eduardovich Dvorkin

Seminars in August and November, 2011

- Texas Instruments representatives sharing new technology with teachers and education organizers;
- Introduction of a new concept to a (honestly speaking) conservative community;
- A breakthrough beginning of a fruitful collaboration!

Very first impressions (survey after first introduction):

- «Unusual ease to work with graphs of functions—sliders and parameters give enough freedom to show properties of functions»;
- «Nice interface to work with regular polygons and geometric constructions upon them»;
- «Ready to explore all the possibilities, even despite the language barrier».

School 558

- Nadezhda Ivanovna Vorobyova
- Tatyana Mikhaylovna Tsyplyatnikova
- Lyubov Mikhaylovna Efimova
- Yelena Borisovna Shabarova
- Natalya Nikolaevna Romanova
- Natalya Alexandrovna Yekimova

Gymnasium 177

- Galina Vasilyevna Lunkina
- Galina Valentinovna Li
- Nina Pavlovna Belashova
- Margarita Yuryevna Saprykina

Lyceum 597

- Igor Mikhaylovich Laptev
- Yelena Nikolaevna Batilova
- Svetlana Mikhaylovna Smirnova
